

FEATURES

- T-deck style option for wind turbine nacelles
- Hauls loads that normally require 19 axles
- Available in East and West coast designs
- Versatile spec features 30' long deck
- Belly pen for easier return trips
- Detachable wheel area
- Disc brakes

LIGHTWEIGHT HAULING SOLUTION

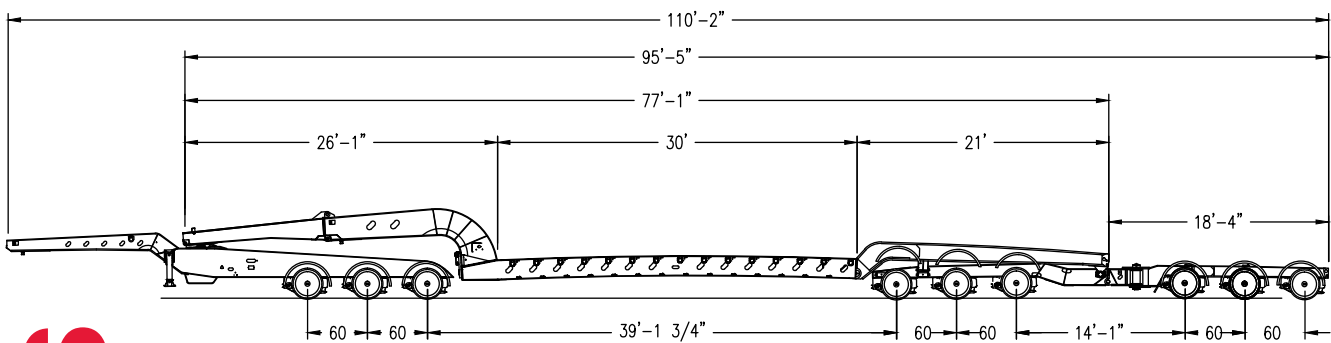

130 KSI steel makes for an incredibly sturdy, yet ultra-lightweight unit. With base weights as low as 57,000 pounds and a capacity of 170,000 pounds overall and 170,000 pounds in 10 feet, this 3+3+3 set-up is ready to move large and unique loads.

CUSTOM-ENGINEERED FOR VERSATILITY

Choose from various specs to make your trailer work for you. With options for both West coast and East coast set-ups, various deck designs, and the option to add deck sections into the detachable wheel area, plus a wide range of custom options, your trailer is sure to fit your specific hauling needs.
